

# What is 'Public Sector Shared Services'?

A collaboration for the provision of business services used across the NI Public Sector.

# Why have Public Sector Shared Services?

- To support the future delivery of Programme for Government Outcomes.
- To optimise services provided at an appropriate cost.

## Vision

Collaboratively optimising shared services to enable excellent public service delivery.

## Strategic Outcomes

- Delivery of high quality shared services
- Delivery of lower cost shared services
- Increase participation in shared services
- Exploit opportunities to grow the NI Economy
